Brad

I attach the results of the search.

There are a few more files relating to an **Sensitive/irrelevant** Scientist with a similar name. There are special measures placed on the sharing of information about such individuals so I would be grateful if you could speak to Susan Payne in IMS direct if you need details of those files.

Martin/ Jo

I haven't been able to locate dates of birth or NI numbers, all in now is that they worked in VSU in 70s-80s.

However, the review team have decided to refine their search to Tim Wilson aka Thomas James Wilson or James Thomas Wilson. Jo are you able to commission a search on these names?

Happy to discuss.

Thanks,

Brad
