Subject: Disclosure of information and reconciliation checks

Dominic,

Hope things are ok with you at the moment!

Just a few things. Have your legal advisers got back to you about our letter to a former member of staff giving a statement to a Ministerial investigation?

Also we have had this response from MyCSP regarding the data we need to conduct reconciliation checks The Reconciliation function is currently in development. I will keep you posted as to when this is due to be rolled out.

Do you have any idea on what is happening regarding the provision of information from MyCSP?

I know that all aspects of the provision of service by MyCSP is under review. However they have informed the Home Office that they provide MI to yourselves and are not contracted to provide us with anything. We just want some information to see if there are gaps in service that we can plug for MyCSP - nothing more sinister than that! Are you able to provide MI information specific to the Home Office?

Happy to discuss,

Regards,

David
