

8.17 Over the past five years, Apple has received over 15,000 requests from government and law enforcement agencies in the U.K. A high-level overview of the types of requests is set out below:

	2013	2014	2015	2016	2017	Total
Device Requests	2,115	2,232	3,760	2,709	1,704	12,520
Account Requests	278	306	415	470	565	2,034
FID Requests ¹	-	-	-	128	243	371
Emergency Requests ²	-	-	141	110	202	453
Total of All Requests	2,393	2,538	4,316	3,417	2,714	15,378

1 Financial Identifier requests reported as of 2016 H2.

2 Emergency requests reported as a separate category as of 2015 H1; prior they were reported in applicable device and/or account request numbers.

8.18 Apple’s most recently published Transparency Report, covering the first half of 2018, is appended as **Exhibit MMP13**. In this period:

8.18.1 Apple received 27 data preservation requests from U.K. government and law enforcement authorities for 66 accounts. Apple held data for 52 accounts, which were preserved.

8.18.2 Apple received 263 “account requests” from U.K. government and law enforcement authorities. As explained in paragraph 8.12, these are requests for details of customers’ iTunes or iCloud accounts, such as their name or address, or for content held on iCloud. Apple challenged in part or rejected in full 28 of these requests.

8.18.3 For 206 requests, Apple provided non-content data.

8.18.4 Apple received 172 emergency requests from U.K. government and law enforcement authorities. Apple did not reject or challenge any of these requests. For
