Dear Proprietor

Thank you for providing an action plan on 8 May 2015 in response to our letter of 10 April 2015. The action plan has been evaluated and has been approved.

A copy of the evaluation is enclosed and you should note that ISI will re-visit the school next term to report on how the action plan has been implemented. It is expected that the action plan will be fully implemented and all relevant documents will be available for the inspectors to examine. You must by the time of the next inspection be able to demonstrate that the school meets all the standards required for continued registration as a school.

I should once more remind you that the consequences of any continued failure to meet the standards are very serious. If the school is not, at the time of the next inspection, meeting the standards it is highly likely that an immediate move may be made to delete the school from the Register of Independent Schools.

Yours faithfully
