

concern to the Abbot about this person living in such close proximity to the school. It would also appear that some 10 years ago a middle-mgt lay teacher in the snr sch was prosecuted for a similar offence. It looks as if there may be a history. All parents have been sent a letter by the Abbot following the recent court case and this is on the website.

3.1.5 (b – d) Welfare, health & safety appears to be generally good – though there are issues listed at the end of this file that were not satisfactory at the time of the pre-inspection visits that the school is seeking to put right before the inspection (*See paras 5.1.2 & 5.1.3 at end of this file*). **There is a H&S cmmtee – but haven't seen any minutes or how they report to governors.**

3.1 Issues

1 Is the pastoral structure over complex? It apparently produces an excellent outcome but is this because of or in spite of the structure?

2 We shall need to be particularly alert and meticulous in checking all policies and procedures concerned with child protection.

3 ? Have peripatetic musicians been given any training in child protection?

4 Need to see H&S minutes and to find out how H&S is monitored by governors.

3.1 Record of Findings

References

3.1.1 The staff provide effective support and guidance for all pupils?

Yes – parents regard past. care as o/sbding.

3.1.2 The staff are assisted by effective pastoral arrangements?

Yes – good support structure.

3.1.3 The quality of relationships between staff and pupils and between pupils and pupils is good?
