

Statement of: **RC-A618**

Father Laurence SOPER did not appear in my original two letters or my 2014 statement as I felt ashamed and did not want to talk about it, so I chose not to mention it.

I have been asked specifically by Police if the unnamed monk in my initial letter to the school and referenced in my initial statement as doing the same as **RC-F46** could have been Father Laurence SOPER, I cannot be sure who this person was it may have been SOPER but I am unsure.

I have also been asked by Police if I recognise or know any of the following names: **RC-A11**

- RC-A11** **RC-A622** **RC-A600** **RC-A601** **RC-A591** **RC-A608**
- RC-A608** **RC-A420** **RC-A8** **RC-A610** **RC-A612**
- RC-A612** **RC-A613** **RC-A615** **RC-A611** or **RC-A609**

I recognise the name **RC-A8** from St Benedict's School however I do not know that person nor am I in contact with him. The remainder of the names are not familiar to me.

I have been advised by Police that I should not to try to locate or trace these people or speak with them in any way.

CIVIL CLAIM:

I am currently pursuing a civil claim against the school looking for compensation as mentioned in my letters, but as yet I have not received any compensation from the school. I cannot recall the name of the solicitors firm acting on my behalf I saw them advertised in the 'Inside Times' whilst **Irrelevant** **Irrelevant** I wrote to them and filled out a form that they sent me, I have not heard from them since this would have been a short time after my initial letter. I have not gone into specific detail with them about any of the incidents.
