Due to a prisoner I was unable to take an MG11 from the victim's girlfriend on 30/3/03. On 1/4/03 I attended Maestri's h/a to arrest him. There was no reply. I made enquiries with neighbours and was informed that Maestri went on holiday that morning and will be returning this week. I intend to arrest him on 16/4/03. Enquiries in hand.

On 16/4/03 I arrested Maestri at his h/a. Bank and phone correes were seized but the letter from **[RC-A623]** was not found. Maestri was interviewed at Chatham PS by myself and DC Dodd. He stated that he had kissed **[RC-A623]** on two occasions, once when he was comforting **[RC-A623]** who had been upset and once when **[RC-A623]** had visited his flat. Maestri stated the kisses had been with closed mouths; he had rubbed **[RC-A623]** thighs and may have touched his groin area but denied masturbating him.

Maestri denied kissing **[RC-A624]** or **[RC-A419]** **[RC-A623]** brothers.

Maestri stated that he had been asked to leave St Benedicts after he had kissed another pupil by the name of **[RC-A623]** who was visiting his flat for extra Maths lessons.

Maestri has been bailed to return to XS on 18/6/03 at 1pm pending MG11s from further witnesses.
