

**Child Sexual Abuse Round Table;**  
**with particular focus on Child Sexual Exploitation**

**Children's Commissioner for Wales**

**Written updates Template for Members**

**Brief** written updates are requested from each agency two weeks before the Round Table meeting to be circulated to attendees. These enable the sharing of good practice, trends and ongoing challenges. Having written information in advance allows more space in the meeting for exploration and reflection on key issues. **It should be completed in two parts.**

**Part 1: Updates in relation to Child Sexual Abuse (Not including CSE)**

**Part 2: Updates in relation to CSE - It is suggested that members use the headings of the current CSE National Action Plan, to provide brief updates on developments affecting their agency and/or Safeguarding Board. (Some agencies may only have updates in relation to one or two of the National Action Plan headings). Links may be provided to fuller documents such as new policies, reports or training materials, or they can be attached as appendices.**

**Prepare:** Safeguarding Children Boards and partner agencies assume CSE to be present and have specified objectives to support:-

- The identification of children and young people subject to or at risk of CSE
- A range of appropriate responses and resources designed to improve well-being outcomes for children subject to or at risk of CSE.

**Prevent:** Safeguarding Children Boards and partner agencies have a prevention programme and responsive services in place to help children and young people at risk of CSE and their families.

**Protect:** Safeguarding Children Boards and partner agencies actively protect children and young people from CSE, by working together to achieve the continuity and effectiveness of care plans for those children and young people subject to or at risk of CSE.

**Pursue:** Safeguarding Children Boards and partner agencies have a clear and shared understanding about how they can contribute to the disruption and prosecution of perpetrators and to the support of victims through a consistent child centred approach.
