

DO/116 SIGMA PROFILE SCREEN SHOTS CS-A29

The screenshot shows a web browser window with the URL 'DPA'. The page header includes the 'SIGMA' logo and navigation icons. On the left, there is a sidebar with 'DPA' and counts for 'Person' (1) and 'Action' (97). The main content area features a table with columns: URN, Type, Target Date, Expires, Allocated To, Supervisor, Created By, and Created Date. A single row is visible with 'DPA' in the URN column and 'type: Comment' in the Type column. Below the table is a 'Details' section containing a redacted text block. A large, bold, black text overlay reading 'Irrelevant' is centered over the redacted area. At the bottom of the details section, there are 'Refresh', 'Previous', and 'Next' buttons, along with the text '76-97 of 97'. The Windows taskbar at the bottom shows the time as 11:50 on 12/10/2020.

This screenshot shows the same Sigma profile page but with the comment visible. The table structure is identical. The 'Details' section contains the following text:

Below email sent to BAYNA BROWN & KAREN ROBB at the LA Bayna

Could you have a look at the attached police incident relating to [redacted] & [redacted] It was reported to the police and staff are clearly saying that they are unable to cope with [redacted] mainly I think because of staffing numbers. The police would respond as you know if the circumstances warranted it but I think in this incident the call could have been avoided. The other issue was that he was believed to be under the influence of something and had spent the money he had been given by the home on potentially drugs.

[redacted] is linked to [redacted] CS-A29 who I emailed Karen about yesterday. The situation with both young people has escalated and needs to be reviewed.

Can you look the above incident and the situation in general..

Happy to discuss further.

Thanks

Ian  
D/Sgt [redacted] Haddick

At the bottom of the details section, a table row is visible with the following data: [checked] DPA, Comment, 14/02/2017, 0 days, Ian Haddick, Ian Haddick, Ian Haddick, 31/01/2017. Below this table are 'Refresh', 'Previous', and 'Next' buttons, and the text '76-97 of 97'. The Windows taskbar at the bottom shows the time as 11:52 on 12/10/2020.
