Dear.....

Enclosed are two items of interest:

(a) Notification from the Catholic Media Office in the United Kingdom that the ABC/BBC drama *The Leaving of Liverpool* is not to be shown this year. We don't know the reason, and who may have had input in that desirable direction though the Catholic Media Office and Cardinal Hume's Archdiocese of Westminster office were both kept abreast of the issues over the last three months.

(b) A statement in the Legislative Council of Western Australia, during the Estimates Debate, 23 September 1992 by Hon. Philip Pandal, M.L.C. (Liberal, South Metropolitan), a past student of Aquinas College on the W.A. orphanages controversy. Pandal and Derek Tomlinson, who interjects regularly in the debate both received a great deal of material from Westcourt to get them informed on the issues.

With every best wish,

Yours sincerely,
