

Durham Constabulary Investigation Report -

DPA

The task has been completed by **DPA** David Walton on 13/03/2018 15:27:43.

victim will not engage

DPA	The address the victim was seen by her father leaving via the window whilst missing needs identifying in order to consider disruption tactics/ CAWN at that location. There is no information at this stage linking this address to the two males in this crime. It was agreed in the CP strategy on the 15/01/2018 that the s/w would update police. S/W updates that she has spoken to father who says he does not know the address but could point it out. I have requested that s/w arranges for this to happen and then updates police. I have sent a further reminder to the s/w today requesting this update and that it be shared with DS Walton who is now overseeing the crime.	Generic	Darren Walton	22/01/2018 19:11	Sarah Jackson
