

On Wednesday night Bill Roberts did DE (today) sleeping in duty. - the Steve Chen.

Boys confirm that RO-A14 + RO-A16

Other lads had let RH in + hidden his under bed stayed in RO-A14 room most of night. Steve knew he was in. - Steve kept out of way + went to bed. - Couple looked into RO-A14's room - Nothing else happened. Post-related by RO-A14 to DE + police - said RH had interfered sexually - DE then called in Police

Has staff met? - Whole staff? No! - Care Staff? No!  
Management: Any improvement to prevent occurrence  
Need for 2 members of staff sleeping in the dormitories

DE thinks K.V. has sailed close to wind with staff sleeping in their own houses.

On Tuesday night only 1 sleeping <sup>in their own houses</sup> in school <sup>in school</sup>  
2, sleeping in on second night then offence occurred

DE doesn't think that this sort of incident could have been avoided.

Waking Night Duty with 2 staff sleeping in would be good idea.

Care Staff - Counselling: Any aspects of training which could address this sort of problem?  
Is there any training of value? NO! What about OU course? This was set up. - K.V. probably has high level of qualified S.W. DE doesn't want to attend. Haven't consulted about needs.

DE is qualified at Rochdale campus - would prefer higher level training - about sexual abuse - drug training.  
Care Staff required to attend OU course

Supervision: External doors - problematical - need alarm system. DE is concerned about management of staff. Le lads confidence - A/HT + P.R.C.C.O. Henry thinks happened ~~because~~ which are unprofessional
