

Ultimately resp. for school
2 other crew members would
also be on duty
Slept between junior or
senior units.

Procedure M. didn't feel was
laid down but it was expected
for duty to sleep between but
crew staff would sleep in
accom.

Normal practice that crew
would ensure boys were asleep
then staff member would go to
bed.

Staff wouldn't normally get
up thro' night.

Combatants & events could be
heard very easily by sleeping -
in person

S.H.

(Sex activity awareness)

M.D - activities of "normal"
male sex adolescent. but not
bleat of what V.M.'s report stated.

Dec 90 - male awareness
MD felt there should have
been staff awareness - felt to
be appalling if staff were
unaware. without info. no
reason for staff to get up.

Communicate book - tangible

Evidence in Dec 90 -
transformed to Narden
MD remembered Duncan

RO-A20

21.11.90 morning **RO-A20** after having allowed
activities referred to was
