Mr J Tyldsley  
Acting Headteacher  
Knowl View School

Dear John

Due to the present circumstances that Knowl View School finds itself in, we as the Social Work team feel we are left with no other option than to express our professional concerns regarding the safety and education of the children from 9.00a.m. to 3.30p.m. (during the school day).

This week we have seen two very serious incidents involving children's safety during the school day. We do not have those same concerns on the house units where the routine remains stable and structured.

We would appreciate your response to our concerns.

Yours sincerely
