

RO-A17 this was v correct. about the family.

RO-A14 has placed in separate accommodation - house!

RO-A14 - RO-A14 was more afraid of RO-A15

- 4 feet of coal stove,

RO-A11 RO-A15 ^{but} RO-A15 may be with RO-A14 + RO-A16

and the way, verbal abuse passes a threat.

Annex Dodds reported. - early concerns ^{regarding} RO-A14 before

RO-A11 RO-A15 back to 1988 - one sexual assault

RO-A13 - long history of alcoholism

behaviour - reference to fire raising. Referral to clergy
Psychological - Booth Hall

- Letter in custody at **Child** 5 yrs

old - Neighbors say that **RO-A13**, **Child** + **Child**

have been sad + angry - sexual contacts with coal stove

Police confirmed that they have no knowledge.

W.P. difficult to establish truth from the boys - She is

remembering things from past

RO-A13 Did police take action on these activities - ~~no~~ frequent,

Tim Hemenway: how often?

H.P. More frequent - goes beyond normal sexual play.

- coercion - threat - are was factors. One of the best

relays made - aftermath of part. mental trip or

- Reason of awareness.

M.K. Nais guidelines - coming at ~~from~~ on 1/2/9,

- family to join Police / Social Services investigations.

J.B. full inappropriate to leave unsupervised + checks can still

- At moment - doesn't appear to be adult involvement.

H.P. Thanks investigation should be in court with all names present
