Phone call from P.C. Dunning, Rochdale Police, regarding [RO-A10]. It seems to be reliable information that he has been involved in inappropriate sexual activities in Smith St toilets. No other information available at present.

Later - phoned [Mother] to let her know the general information I had and to confirm with her that [RO-A10] should not be allowed out unsupervised when he visits home at weekends. I assured her the matter would be dealt with in due course and should not be discussed with [RO-A10] at present.

Met with [RO-A10] at [DPA] to discuss his present situation and also to bring up the notion of fostering with him. He was very upset at the idea. As far as he is concerned he only has one mum and he wants things to stay that way and wants to stay at [DPA] at present until he goes back home.
