Dear Janet,

Re: Child Protection

I am becoming increasingly alarmed at the length of time it is taking to initiate Child Protection procedures regarding children at Knowl View. I feel that I still have children at risk at the school and allegations that have been made concerning [RO-A18], [RO-A12] and [RO-A13] have not been investigated. Chris Waring Social Worker for [RO-A15], who is a Manchester child, has been in touch and is at this moment following Manchester's Child Protection guidelines for the investigation.

I would like to feel that Rochdale Social Services will not be left behind in this investigation.

Perhaps you could let me know what developments, if any, there have been.

Yours sincerely,,

S. BRADSHAW B.A.
