

- 7 Mr. Williams arranged a timetable of meetings at the school on Thursday and Friday, 11th and 12th October 1990. The timetable is given on the attached sheet, along with the questions which were put to all staff. Where staff wished their Union representatives to be present, this was agreed to and Mr. L. Copestick and Mr. Monaghan both attended sessions. Mr. Copestick encouraged his members to participate fully. Mr. Monaghan professed himself satisfied. His words were "completely professional as usual."
- 8 A further discussion was held with the Chair of Governors on some of the issues arising from the meetings and it was agreed that the full governing body should be informed immediately about the events from the 11 September to 12th October.
- 9 It was hoped that this could be taken as an urgent additional item at the ordinary governors meeting on October 17th. Since the Governors did not consent to this addition to the agenda, the Acting/CEO, with the agreement of the re-elected Chair of Governors, convened a special single-agenda item meeting on Thursday October 25th.
