Dear Adele,

It seems like I've written this letter numerous times but I feel you need to be kept abreast of developments.

Mr Rod Hilton is once again homeless, living in a tent in Bamford and being attracted to the children at Knowl View. He stopped two boys going to the shop last Friday to have a friendly chat.

Bill Lawley and the police are aware of the situation.

I know I have asked previously and am aware of the difficulties in obtaining an injunction on Mr Hilton. I still feel very uneasy that he is in the neighbourhood and we have to wait for something to happen before taking action.

Yours sincerely

DPA
