

On Wednesday night Bill Roberts did DE (today) sleeping in duty. - the Steve Glen.

Boys confirm that RO-A14 + RO-A16

Other lads had let RH in + hidden his under bed stayed in RO-A14 room most of night. Other knew he was in. - Steve kept out of way + went to bed. - Couple looked into RO-A14's room - Nothing else happened. Post-related by RO-A14 to DE + to police - said RH had interfered sexually - DE then called in Police

Has staff met? - whole staff No! - Care Staff? No! Management: Any improvement to prevent occurrence. Need for 2 members of staff sleeping in the dormitories

DE thinks K.V. has sailed close to wind with staff sleeping in their own houses.

On Tuesday night only 1 sleeping in school ^{in Dennis Senior Staff in Miltonos.} 2, sleeping in on second night when offence occurred

DE doesn't think that this sort of incident could have been avoided.

Waking Night Duty with 2 staff sleeping in would be good idea.

Care Staff - Counselling: Any aspects of training which could address this sort of problem. Is there any training of value, NO! What about OU course? This was set up. - K.V. probably has high level of qualified S.W! DE doesn't want to attend. Hasn't consulted about needs.

DE is qualified at Rochdale expense - would prefer higher level training - about sexual abuse + drugs training. Care Staff required to attend OU course

Supervision: External doors - problematical - need alarm system. DE is concerned about management of staff. He lacks confidence - A/HT + P.R.C.C.O. Many things happened ~~here~~ which are unprofessional
