

Outline of the incident as known 24.10.90

Tues.
11.09.90 Mr. Hutchinson noted in the Communication Book that X an adult male with a known record of sex offences was in the area and that staff should be vigilant. X is a Schedule 1 offender under the 1933 Children and Young Persons Act and in breach of his probation order.

X was admitted to one of the boys dormitories and stayed overnight, sleeping under the bed of one of the boys Y.

Wed.
12.09.90 X was again admitted to the boys dormitory and stayed overnight. The pupil Y states that masturbation and oral sex took place. X has apparently admitted that to the police.

Thurs.
13.09.90 The pupil Y was suspended until 20 September following a vicious physical assault on another pupil. Although Y was taken home, he apparently did not stay there. Mr. Eaton reported some suspicions about events on Tuesday and Wednesday. X was seen on the school site by staff who eventually managed to remove him. Although police assistance was requested and they arrived in school, their response was unhelpful.

Fri.
14.09.90 Staff received information from other pupils about events on Tuesday and Wednesday.

Tues.
18.09.90 Mr. Davies contacted X's probation officer to request that the magistrates should forbid X from entering the school grounds.

Fri.
21.09.90 The pupil Y returned from exclusion and was questioned by staff.

The LEA was informed of the incident.

Until the police have concluded their investigation, it is inappropriate to discuss the details of events or possible disciplinary action of any persons involved.
