

Incident with **RO-A14**

The same night as the first occurrence with **RO-A15**

Twenty minutes after this I went to the toilet. As I passed **RO-A14** bedspace **RO-A14** said "Come Here". I went over he pulled down his quilt, his pyjama bottom's were pulled down to his knees. He was holding his dick, at first then he let go of it. He said "suck it" I said "No".

I carried on walking to the toilet. On my way back he pulled the quilt back again. **RO-A14** said nothing. I think he was assuming I would do it.

I carried on walking and got into bed.

RO-A15 **RO-A20** and **RO-A14** all began making chicken noises and saying "your a chicken", they wanted me to do it with **RO-A14**

I went to **RO-A14** bedspace because I like **RO-A14** and I wanted to do it, and because I thought they would threaten me with "grief" violence from all of them, particularly **RO-A15** and **RO-A14**

I went over to **RO-A14** bed knelt down, the quilt was over by the wall. I put my head over his dick and put it in my mouth. I held onto the bed. **RO-A14** folded his arms on his chest.

RO-A15 and **RO-A20** were both lying on their beds watching and sniggering.

I was sucking his dick, he was pushing his body up and down. This lasted 3 or 4 minutes. I stopped because I thought he was going to come. **RO-A14** said "thanks". I said right.

Then I went back to bed and fell asleep.

31st January, 1991

At about 1 o'clock the same night (as the 2nd incident with RO-A15) RO-A15 I got up to go to the toilet. As I passed RO-A14 he said. RO-A14 bedspace

RO-A11 come here and suck it". I said "don't be disgusting" and I went to the toilet and got back in bed.

I don't think RO-A14 was as serious as RO-A15.

Two weeks into term. Time 11.45 - 12 O'clock.

This is the incident with **RO-A15** He walked over to my bed, leant on the wall at the side of my bed. He had already pulled down his pyjama bottoms. He was holding his dick.

RO-A15 said "will you suck it off" I said "No"

RO-A15 said "Oh go on just for me"

I opened my mouth and **RO-A15** put his dick in my mouth, he held his dick in his hand. I did not touch him with my hands. This lasted one or two minutes. **RO-A15** stopped he pulled it out of my mouth.

He said "I don't want to do any more cos I'm tired".

He got in bed, he was breathing heavily or making noises. I think he was masturbating.
