DPA

On Wednesday 9th January 1991 or at least that's what I think the date was. RO-A14 and myself went at 10 pm from the Dayroom to the dorm. We sneaked onto the dorm and found RO-A15 lying on his bed with RO-A11 kneeling by the side holding the wooden part of the bed. He had his head bent over RO-A15's body and has RO-A15's penis in his mouth. I know this because RO-A14 pulled the covers which they had over them off and I saw quite clearly what they were doing. DPA came into the dorm at this time and RO-A15 quickly pulled up his pyjama bottoms and pulled his quilt on. RO-A11 jumped into his own bed. RO-A11 pretended that he was asleep and RO-A15 said "good night
