Dear Mrs Mellor

KNOWL VIEW SCHOOL

I am writing further to my letter of the 10th June 1993 concerning Knowl View School. I understand from the Headteacher that you have commenced your visit to the school. As you know the Department is preparing a report for the Education Committee and the Finance Sub Committee on the future role and funding of Knowl View, and this morning we held a meeting to look at the scope of the report.

The report will cover:

- Financial framework
- Staffing arrangements
- Mission and role of the school
- Overall size and percentage of extra district placements
- Future developments in which the school might be involved
- Interaction of arrangements for LMSS
- School development issues.

The last mentioned (which is not necessarily to be last in the report) will rely very heavily on what you are able to tell us about the progress that the school has or has not made since your first report. It would therefore be tremendously helpful if you were able to come to the next meeting of the group at 5.30 pm on Monday 12th July 1993 in my room where drafts of the other sections will be considered.
