Dear Archbishop,

I have been greatly concerned about the behaviour of Bishop Peter Ball for a number of years. It is my wish that he should cease to run any 'schemes' for young people and that he may be kept from damaging any more young lives in the future.

I have every sympathy with the young man who has had the courage to bring the matter out in the open and would like him to know that many people are very concerned for him.

Yours sincerely

P.S. I would appreciate knowing that you have personally received this letter.
