Dear Frank,

Thank you for your kind letter. I do not feel threatened by any except the one which is nameless, lest it be a Name Redacted. The others are allegations which actually have no substance - I don't remember a Name Redacted - So I hope all will be well there, though 'Outrage' is a menace, because they seem to have an entrance to the Park. - Thank you very much for your efforts on my behalf. - I wonder when I am allowed to do things in this Parish, because there was a reference about after Synod, if all was well for me. - Is that the process?

I do hope that Christmas will be good for you. It was amazingly good and different to find you at Lambeth. Every good wish to you both and from Michael as well.
Yours ever,
Pete.
