Re: **NO-A197** And Your Appointment 2nd November

Please find attached complaints identified by Sarah Davis, SPO, and Avril Jamson, AAD, following their initials interviews. **NO-A197** has stated that this report identifies his areas of complaints and he wishes all those areas to be looked at.

I understand a recent report in the Nottingham Evening Post stated that the Department was carrying out an enquiry in respect of **NO-A197**. That report read as if there were a Departmental enquiry into the Norman Campbell case. Certainly that is the interpretation that **NO-A197** put onto the report. Following discussion with Alan Thurlow, I have clarified with **NO-A197** that Clem Benjamin and I are responding to his complaint, we are not part of a Departmental enquiry. Subsequent to that, the Nottingham Evening Post contacted the information office asking when the enquiry would be completed.

If there is to be an enquiry into the Norman Campbell case then I think that needs clarifying for all involved, and particularly for the staff and ex-staff who we are asking to interview.
