Wife of NO-F70

Wife of NO-F70 told me that the children are fine and that they have enjoyed their holidays.

Wife of NO-F70 said that they were upset by the allegation that had been made but felt that it was malicious by NO-F70's sister.

Name Redacted has said that she only wants to call her Nan twice a year, she has told NO-A49 this and NO-A49 is thinking about what he would like to do with regard to contact.

Wife of NO-F70 thought that Name Redacted may have Name Redacted to stay with her when he is released, I told her that I did not think that this was very likely but I would listen out for any information with regard to this.

Name Redacted has told Name Redacted that she will be having contact with her before she returns to school, Name Redacted was worried about this and Wife of NO-F70 reassured her that if contact was on the cards then I would have talked to her about this. I told Wife of NO-F70 that Name Redacted would not be having contact with Name Redacted and that we would be having a meeting next week with regard to [redacted] report re contact etc.

NO-A49 is now calling Wife of NO-F70 Mum.

They are all going to Wales tomorrow for a few days.

Jo Walsh - Selby Social Services Tele: DPA

Jo called with regard to the referral made with regard to the NO-F70 and wife. Jo has been investigating this and feels that this is malicious. She told me that the person making the allegations referred to the children that the NO-F70 and wife have in placement whom they adopted, these children left along time ago and the NO-F70 and wife have no contact with them.
