28.03.79	<p>Education Report by M.G. Hayes</p> <p>NO-A629 is an extremely disturbed boy. If he is not controlled under close supervision he becomes very disruptive, rather more verbal than physical. He delights in provoking other boys, especially older boys. 'He is very provocative and initiates verbal abuse, some of the bigger boys tend to respond physically but this does not impress NO-A629 for I feel he would face a regiment of soldiers if necessary. He loves to 'show off' and to play the 'tough guy' image, but really tears are always just below the surface.'</p>	SS 155 SS 156

	everybody knew that NO-F29 was a "queer". Mr Rigby was there as well and it was felt that there was nothing in these accusations at all apart from trying to diminish NO-F29 authority in the place.
