Terence Banks Review

This brief note is by way of a formal acknowledgement but a very heartfelt thank-you for your huge efforts. I have read the report through once already, and shall obviously want to reflect more deeply on it and have a few conversations before deciding what questions I have to ask you and what the next steps should be. I do, however, want to say how grateful I am for your willingness to undertake this unsavoury chore and for the clarity with which you have expressed your findings and your recommendations. You have been direct but gentle in your reference to some of the frustrations you have experienced along the way and to the extent that some of those are due to members and officials of the Church I can only express my regret and apologies.

I hope you will excuse anything more by way of response just at the moment, but I will of course be back in touch with you again as soon as possible.

With all good wishes,

Yours sincerely
