I know it needed more of my time and attention than I could give it. But what I did see there was the truly splendid example set by Peter as Superior in terms of his prayer-life & discipline: his inspired leadership in getting CGA established in its 'Mother House': his absolute consistency over simplicity & poverty in the common life: his readiness to 'adventure' ANDG in different ways. I wish I could be more helpful about the state of CGA, but

former Visitor. It is about five years since I ceased to
be officially connected with them: and doubtless much
has happened since then.

Yours ever affectionately
