

4th September, 1974.

My dear Peter,

Thank you for your letter which I have found on our return from our summer holiday.

I have indeed understood your feeling that it would be right for you to have some new and challenging work to do. To that end I made this known to all the Diocesan Bishops in July with the possibility in mind that some Diocese might have an opening for you as a Diocesan Missioner. It does of course usually take some time for any particular plan of work to materialise. I am not quite sure how such a plan would be related to membership of the Community. I have not got a copy of the Community's Rule and Constitution, and this hampers me a bit in having the understanding and giving the advice which I might. It is possible that I could have more wisdom in advising you if you were to send me a copy of the Rule and Constitution as it is within that framework that the future will lie.

I am so glad that you wrote to me and I do indeed understand what is mainly in your mind.

Yours affectionately,

DPA
