

CONTINUATION OF STATEMENT OF Patricia ALLEN

told me that [Mother of RC-A595] had already been to the surgery on her own and made an allegation that a Priest had indecently assaulted [RC-A595] at school. She said nothing about the [Sensitive]

In view of his new allegation, it was decided that [RC-A595] should be medically examined at New Ealing Hospital Paediatrician. I then

contacted [Mother of RC-A595] and asked her to come into the office with [RC-A595]

She said, "The family is wanting to see you as something else has come up". In view of this I asked [Mother of RC-A595] and her family to meet me at my office. [Parents of RC-A595] and her three children later attended the office. They were all seen by a colleague Paul McCARTEN and myself.

[RC-A595] at first said nothing but appeared anxious and timid. His sister

[Sibling of RC-A595] then told us that [RC-A595] had spoken to her in great length last

night about Father David and what he had done. I then enquired of [RC-A595]

if what [Sibling of RC-A595] was saying was a true reflection of what had happened

and he said, "Yes". I then asked [RC-A595] to tell me what had happened and

he then made the allegation to me that he had been indecently assaulted by Father David a week ago (4th June 1992) after his health education

lesson. I then informed the family that I had made an appointment at

N.E.H. for [RC-A595] to be emdically examined at 2pm. [Parents of RC-A595] were

in agreement with this and stated they would meet me at the hospital.

The child was examined by Dr [Name Redacted] and his findings were, no evidence of physical or sexual abuse.

On Monday 15th June I contacted Father PEARCE and told him of the

allegation made against him by [RC-A595] Father PEARCE'S voice implied to me

that he was shocked by this allegation. I then asked Father David if

he had looked at [RC-A595] He said, "Yes I'm sorry I should have mentioned

this to you on the Thursday". He stated that he had looked at [RC-A595]
